Ministry of Visitation

The main service in Liquiñe starts at two in the afternoon, therefore we have the opportunity to minister to shut-ins before the service. We have had the privilege to visit families who as first generation Christians were once pillars of the church. We leave early from the camp and travel an hour on dirt roads to spend a few hours sharing from God's Word and singing hymns in the homes. We also love to hear how they came to Christ and served while their health and years permitted. After the visit, we head back to church and enjoy the fellowship with the rest of the members. This new area of ministry is an encouragement to the older generation in Liquiñe and also a great way to train up the new generation to minister to them.

Update!

Thanks to you the Lican Tractor Project Fund has :
364.00 dollars.

We praise the Lord for His provision. The total goal is of 40 thousand.

Personal Spotlight: Adasme Family

Angelo and **Fabiola** started ministering at Lican Bible Camp in 2008. Through the camping ministry they met Ricardo Daglio, a pastor from Argentina and one of our favorite camp speakers. This God-ordained meeting led them to seek Bible Institute training and make plans to move to Argentina and serve the Lord full-time alongside Pastor Ricardo. This is one of many of the young people whom the Lord called through the ministry of camp here in Chile. We will miss Angelo and his wife as they are wonderful counselors during our camp weeks, but we know God wants to use them for His glory in Argentina. We are thankful that camp and the ministry the Lord has called us to was instrumental in their lives.

Thank you for praying for them as they make plans to move in November of 2015. Pray also for their growing family as they await the birth of their first child in August of this year.

That Time Again

It's hard for us to believe that it has been three years since we have seen many of you. We are starting to plan our 2015 home assignment ministry. To make our time in the US more effective, **we need your help**. We will most likely land sometime in early March and will try to be back in Chile by the end of November 2015. This is how you can help:

- 1) Pray we can **find replacements** during the 9 months we will be gone.
- 2) Pray that we can schedule adequate **time with each of our supporting churches and individual supporters**.
- 3) Pray for new church and individual support contacts. We are in need of **raising our support percentage** to be able to return to the field to minister effectively.
- 4) Pray for **our children**. They are excited, but it will be a different life than what they are used to here in Chile.
- 5) Pray for God to use us as we seek to **promote what He is doing** through the camping ministry in Chile.

If you can be an answer to prayer through contacts you might have with churches or individuals, don't hesitate to write to us. We are a little bit "out of the loop" when it comes to the US and appreciate your help. Thank you for your prayers and your continued support.

In His grace,

Danny, Elizabeth, Micah, Matthias, Morgan and Madeline Thompson
