

## Home Sweet Home

We are happy to announce that after 4½ months of furlough we are back in Chile, South America. The Lord truly blessed us with wonderful meetings and special times with family and friends. We were able to relax and recuperate, but now it's back to work! We did want to thank each and everyone who hosted our family, provided wonderful meals, and met our needs through prayer and/or financial giving. **Did you know God provided the needed funds for our new vehicle through YOU?** Every love gift and special offering from churches and individuals accumulated in our vehicle fund and we are now in a position to buy the vehicle of God's choice for our family and ministry. Dan will be traveling up to Santiago within the month to shop around and find THE vehicle for us. Thank you for your prayers. More on that in a later newsletter ☺.

## Back to Work

Terry and Carol Thompson (Danny's parents) did a wonderful job on camp. We came back to the Lican Camp and saw many improvements and changes. They moved two of our furthest cabins closer to the main meeting hall, painted them and got them ready for campers. They also did many needed repair jobs like fixing sewer lines, putting in electrical in the shop, and taking down hazardous trees. Now that we are back they have "passed the baton" onto us. Next week we will pour the gym floor (7 truck loads of cement!) and paint a game room before the start of our October retreat. If you were to visit camp, you would notice many things in need of repair... As Dan's Dad said: "What you need here is a small army to get the job done!"

**What next?** October 7 through 10 is our College and Career retreat. **Young people from all over Chile will be traveling to camp for three days of preaching and teaching from the Word of God.** Terry Thompson (Danny's Dad) is the speaker for the event. Please pray for hearts to be open to God's Word and His calling in their lives. We are thankful for the work of one young man in particular: Andres M. has invested his time and capabilities to help plan and run the retreat. We are praying that God would call him to full-time camp ministry in the future.

We would also covet your prayers for **the start of the new cabin building project** in the next month. Our great God provided the needed funds and we will be starting the process of pouring the cement footings, getting the septic in place and laying block to see this new cabin built for His glory. May many more children, young people and families come to camp and enjoy the new facilities, hear the good news of salvation, and dedicate their lives to Him.

Finally, please pray for **our country churches in Liquiñe and Coñaripe**. During our absence, Terry Thompson faithfully preached on Sundays. We are praying about our involvement in these needy churches. We know they could use a full time church planter especially in Coñaripe. Pray with us for laborers in this needy harvest.
