*"Committed to Excellence in Christ"*

February 4, 2011

Dear Pastor:

Most likely you will find this letter in a packet of material much like many other packets that have crossed your desk. This letter along with this packet of information simply introduces you to a family that I have been privileged to serve with over the past four years.

As you know, writing a recommendation for a person is a common task for many pastors. So let me not bore you with the normal comments that you will commonly find in a letter of recommendation, but rather let me share a small portion of my heart for the Morrell family.

Humanly speaking, I do not want to see the Morrell family leave our church and go to Argentina. They have served, discipled, taught, and opened their home to many people who have gone through our church. They love the Lord! They know how to have much and they know how to have little, and still glorify God in the process. They are committed to each other as a couple and as a family. As they leave for the field, their friendship and partnership in ministry will surely be missed.

Yet I have to admit that seeing God work in their lives over the past five years has only confirmed that their lives are meant for the mission field in Argentina. They are mature servants, self initiated, and humble to God's plan and time. You will find a deep faithfulness in this couple as well as multiple blessings to your life and ministry.

Please consider having them come to your church at the earliest possible date! Please don't consider simply helping them, consider partnering with them in their ministry to Argentina.

Thank you for taking your time to consider this family as they pursue God's leading in their lives to Argentina.

Sincerely,  
In Christ,

Pastor Lael Fenton  
Senior Pastor
